

2017 TRYOUT SCHEDULE

Currently players are involved with a number of off season activities and various baseball programs. We have a lot of programs and events to work around. The formation of the MH American Legion Baseball teams will be planned through assessments and the following schedule. American Legion baseball indoor sessions will only be on Sunday's in March as High School teams will now use 2 days of the week. Note March 4th is not available. It is important that families continue to inform of attendance and if absent reason why so plans can be made accordingly for player numbers and coaches required. Although we will select players into 3 groups by early to mid may we may still discuss some movement and double rostering of players prior to submitting final team rosters in later May. This will allow time for families to take care of mandatory tickets sales and auction items for the fund raiser, souvenir program sales and any other requirements should they be selected to the teams. Additional workouts for age eligible players not playing college or HS will also be planned during this period.
